

## **EXHIBIT I**

### **SCOPE OF WORK**

#### **A N D Health LLC City of Columbus, Franklin County**

On October 27, 2025, the Ohio Tax Credit Authority (“Authority”) approved a 1.901 percent, 9-year tax credit for A N D Health LLC (“AndHealth”) for the creation of \$10,200,000 in new annual payroll as a result of the company’s project in the City of Columbus, Franklin County. As part of the tax credit agreement, the Authority requires the company to maintain operations at the project location for at least twelve years.

AndHealth is the leading digital health solution that works with the healthcare system to radically improve access and outcomes for the most challenging chronic health conditions, by providing whole-person specialty care and pharmacy in a partnership model that creates greater health equity for patients, lower costs for the healthcare system, and growth for existing providers.

AndHealth currently has operations in Ohio, Indiana, and Massachusetts. As AndHealth continues to rapidly grow across the U.S., support from Ohio will help ensure the proposed project moves forward in Ohio.

The proposed project by AndHealth in the City of Columbus, Franklin County, will accelerate hiring and training of specialized staff needed to meet partner demand and sustain growth, including the creation of local skilled jobs, and ensuring continuity of care for patients.

AndHealth expects to create 75 full-time equivalent employees, generating \$10,200,000 in new annual payroll and retain \$10,889,102 in existing payroll by 12/31/2028 at the project location. In addition, the company will claim the tax credit on Ohio employee payroll generated at the project location in excess of the company’s baseline payroll at the project location.

By letter dated October 9, 2025, the City of Columbus expressed support for the project.
