

EXHIBIT I

SCOPE OF WORK

CCC Plastics USA Inc. East Liberty Township, Logan County

On December 15, 2025, the Ohio Tax Credit Authority (“Authority”) approved a 1.204 percent, 7-year tax credit for CCC Plastics USA Inc. (“CCC Plastics”) for the creation of \$1,750,000 in new annual payroll as a result of the company’s project in East Liberty Township, Logan County. As part of the tax credit agreement, the Authority requires the company to maintain operations at the project location for at least ten years.

CCC Plastics is a 100+ year old Canadian manufacturer of customer color, additive, and compound concentrates and resins that are used in a variety of products like flexible packaging, rigid packing, building materials, and consumer products.

Ohio is competing with the states of Indiana and Wisconsin for this proposed project. State support will help ensure the proposed project moves forward in Ohio.

The proposed project by CCC Plastics in East Liberty Township, Logan County, involves leasing a building to establish a new manufacturing facility, starting with one line and expanding to several lines to make plastic parts using both polypropylene and polyethylene.

CCC Plastics expects to create 25 full-time equivalent employees, generating \$1,750,000 in new annual payroll by 12/31/2029 at the project location. In addition, the company will claim the tax credit on Ohio employee payroll generated at the project location in excess of the company’s baseline payroll at the project location.

By letter dated December 2, 2025, the Logan County Chamber of Commerce expressed support for the project.

Disclaimer: Please note that this is a general description of the overall project and will not be used for purposes of determining compliance under this agreement.
