Explanation

This request represents the Percent for Arts participation associated with the Franklin Hall Renovation. Columbus State Community College authorized the Ohio Arts Council (OAC) to administer the artist selection process in accordance with ORC 3379.10. With guidance from the committee, the OAC conducted research on artists working in a variety of materials and imagery and considering the artwork site and building user needs. From this research the OAC compiled a list of 22 Ohio and national artists for the committee to review past work, resumes, and artist statements. Through this multi-step review process, led by the OAC, the applicant pool was narrowed to three semifinalists, who were invited to meet with the committee and present site specific proposals.

After evaluating the proposals, the Columbus State Community College Artist Selection Committee, in partnership with the Ohio Arts Council, selected PROJECTiONE LLC dba Project One Studio (SID 0000345238) as the Percent for Art artist for the Franklin Hall project.
